1. Use Case 1 - *Complete Daily Habit*

Test Case ID	TC01 - Checkbox
Test Objective	Check that clicking an unchecked goal/daily habit adds a plant/grows a plant and updates the completion progress.
Preconditions	User is logged in, with fully unchecked goals/daily habits and no plants are in the plot
Test steps	1. Main screen of the app is opened 2. Unchecked goal like "Drink a cup of water" is checked off
Input Values	Habit selected: "Drink a cup of water"
Expected results	"Drink a cup of water" checkbox becomes marked off. "1/5" displayed under completion. One new plant appears in the garden. Garden state and habit completion saved to localStorage.

Test Case ID	TC02 - Re-check validation
Test Objective	Make sure that a goal/daily habit cannot be checked off multiple times in a single day.
Preconditions	Habits like "Drink a cup of water" are already checked off for the day.
Test steps	1. Attempt to re-check "Drink a cup of water" checkbox
Input Values	Habit selected: "Drink a cup of water" (already marked off).
Expected results	System blocks the action No changes to the garden or checkboxes occur No data is saved from this interaction

Test Case ID	TC03 - Streak validation
Test Objective	Ensure that streak increases only after all goals/daily habits are completed
Preconditions	0/5 habits are completed and user streak is 4
Test steps	1. Check of 4/5 habit checkboxes 2. Verify that streak counter is still 4 3. Check last habit check box 4. Verify that streak counter has incremented by 1

Input Values	5 habits checked sequentially
Expected results	Steak counter stays at 4 after 4/5 boxes are marked After 5/5 boxes are marked streak counter increments by 1 Celebration message appears New streak is saved

Test Case ID	TC04 - Garden data & progress persists after refresh
Test Objective	Check that the garden, habits and streak progress persist after page reload & reopening the app.
Preconditions	User has 3/5 Habits are completed for the day, garden has 3 plants and 1 daily streak
Test steps	1. Refresh website 2. Wait and verify that data is the same 3. Close and reopen site 4. wait and verify that data is the same
Input Values	None
Expected results	Garden displays 3 plants Same 3 check boxes are marked Completion indicator is 3/5 Streak is still present at 1 localStorage data is restored accurately
